Crochet to Enhance Your World

Holey Wrist Warmers

A crochet pattern for fingerless gloves with a hole pattern. They are funky and will add to any outfit.

These are crocheted flat and seamed at the side. They seem small, yet have good stretch to them to fit most hand sizes.

The fingerless gloves are made in such a way that each glove is hand specific, just like ordinary gloves.

This pattern is written only.

Any 8ply yarn will work for this pattern. You can also use a finer yarn to give a lacier look.

Make 2.

Finishing

Fasten off and weave in ends

Joining

To join sl st or sew through bottom of foundation chain and back loop of finishing
row.

Fasten off and weave in ends.

When making the second glove, fold the glove the opposite direction of how you
folded it for the first glove. This is to make each wrist warmer for each hand (left
and right) and to ensure the pattern is on the top of each hand.
