Crochet to Enhance Your World

# Maungaturoto Wash Cloth

Wash cloths are super useful in any household. In our household we use them as body cloths, dish cloths, to wipe up messes in the kitchen, and to clean in general. As they are made of cotton it is very easy to wash and reuse them. Simply put them through the wash, making them very eco friendly.

The texture that crochet gives them either a light exfoliating characteristic if you use them on your body, or dirt grabbing capabilities if you use them in a cleaning capacity. Which ever way you chose to use them they are a colourful fun way to add eco friendly and reusable crochet to your household.
